BOARD CHAIR MESSAGE

Dear Broadwater Friends,

As I reflect on the last year, I am very proud of the Broadwater community and all that we were able to achieve together. This is my 5th year on the Board and my second year as Board Chair. My focus for most of that time has been and continues to be on three main areas:

- Vision – Where are we going in the next 5-10 years and ensuring we challenge ourselves to dream big enough while setting achievable goals.
- Operational Discipline – Ensuring we do the right things in a consistent, effective and efficient manner.
- Engagement – We need the engagement of everyone in our community to come together to drive our success. If we don't show up in both big and small ways, there is no community – it's us!

The Board of Trustees has worked hard to make progress in these areas, and we're even more excited about the progress that Fran and the faculty and staff are making in these areas! I am mindful that COVID is not yet behind us and who knows what other curve balls might come our way. What I am sure about is the Board's commitment to serve the school, the strong partnership Fran and I have built over the last year to navigate challenges and drive positive change, and the Broadwater Community's strength, compassion, and generosity!

I hope you'll join me in seeking out opportunities to support the school this year. It might be something small like helping out at a game, or something bigger like volunteering for a committee or making a stretch financial donation to help improve our facilities. However you are able to help, we appreciate you!

Thank you!
Pam

HEAD OF SCHOOL MESSAGE

Dear Broadwater Family,

We did it.

Together, we strengthened our School and served Eastern Shore community and families in profound, meaningful ways. This edition of Tideline details how our immediate and extended family, along with friends of the school, have collaborated to strengthen Broadwater to be families' trusted partner to raise their children on the Shore.

The pandemic continues onward and yet our ability to adapt, improvise, be flexible and nimble has served our students and families well. Throughout all of last year we were guided by the theme, It's a New Day, to reflect the changes in the world and also at Broadwater. We accomplished what few schools in the mid-Atlantic could do. We were open for in-person learning for the entire school year without interruption. The academic, social, physical, emotional and overall developmental needs of our students are central to all our decision making.

Two school years ago, we opened with 272 students. For the 2020-21 school year, we opened with 289 students and grew throughout the school year to 305 students. While we gained momentum and enhanced our educational practices, we invested in technology in order to serve families who chose remote learning for short terms or for the entire year. This was also necessary due to the amount of offerings that transitioned to online formats, such as Model General Assembly. This effort remains on-going and has made us better in all aspects of program delivery.

Our varsity athletes competed throughout the school year at a high level, earning conference and state-level honors in many areas. Our performing artists were able to stage live productions partnering with WESR for musical radio show concerts and also over the internet offering theatrical productions. The pandemic didn't slow down our students' efforts to develop as young people outside the classroom.

Of course, none of this would be possible without extraordinary support of a wide and diverse group. Thank you. Thank you for fueling the momentum forward for Broadwater Academy. Though circumstances remain challenging, I do look forward to connecting with as many of you as possible throughout the year to update you on all the excitement our faculty and students are generating. Broadwater is a school on the move and greater things lay ahead.

Together, we will realize a bright future for our students.

Fran

HEAD OF SCHOOL

A Snapshot of 2020- 2021

Sergio Torres placed second place and Leah Smith placed third place in the 2019-2020 Eastern Shore Soil and Water Conservation District poster contest. The theme was "where would we BEE without pollinators?"

Grade 4 Teacher, Ms. Shannon Wescoat, was recognized by Neubeam as a teacher who goes above and beyond during the pandemic. After being nominated by her students for because she engages them, is genuinely happy each day, and her excitement to be in the classrooms with them is contagious. She makes them feel as 'normal' as possible while keeping them safe and thinks outside of the box to provide many outdoor activities to allow for multiple mask breaks per day. She makes sure to remain in constant contact via email, newsletter or phone since parents are not allowed inside at this time. We're lucky to have her!

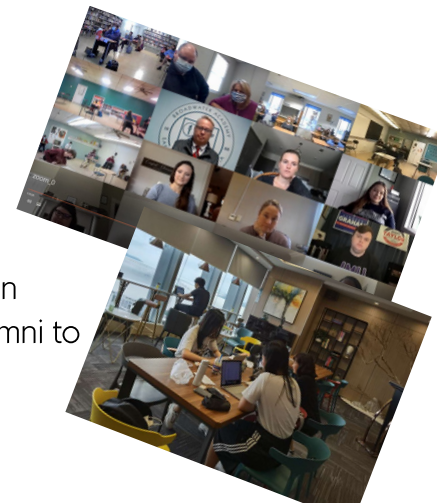

Various donors provided tents which lent themselves to outdoor learning spaces , lunch areas, and gathering spots for all of our students and staff.

Mr. Ryan began a new tradition of reading the book The Giving Tree to all students during the holidays.

Our remote learning program allowed for a Broadwater education to span global leaps and bound, as it took Broadwater to China, and brought alumni to Broadwater from all of over the country.

Lindsey Smith (left), was elected to the office of Model General Assembly Youth Governor for 2022. Additionally, Suzanna Long (right) was elected to the office of MGA House Speaker Pro Temp for 2022.

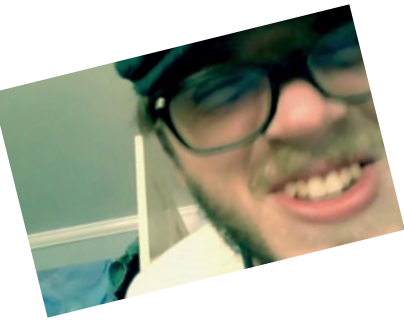

While we could not have a live Grandparents Day performance, we hosted a fun Grandparent/Special Friend pick-up day in March!

Bethany Carpernter and Allison Shockley were named ANEC essay contest winners.

Our music department hosted radio shows and concerts on 103.3 WESR and our drama department had it's one of a kind Zoom performance of "Bad Auditions".

We enjoyed our online social media campaigns of Alumni Spirit Week, Celebrating our Teachers, and Giving Tuesday!

We were able to adopt Broadwater Road again after two trash pick-up days throughout the school year.

We hosted Daffodil Day and provided over 150 bouquets of daffodils to local nursing homes.

We celebrated the following athletes and coaches in their All-Metro and All-State Athletic Accomplishments.

CLASS OF 2021

CLASS OF 2021

Salutatory Address

Good morning and welcome to the graduation ceremony of the class of 2021.

As you may or may not know, our class is the largest in Broadwater's enrollment and has been for many years, unless you're counting girls. Just like everyone else, our class has spent the past year living in the shadow of a pandemic. We had many parts of our Senior year suddenly taken away from us: field trips to Washington D.C. and Yellowstone National Park, one of the most successful sports seasons, and several other events and traditions.

It's a testament to Broadwater's administration and faculty that shepherded us through this year, allowing us to attend school completely in-person. We still made the most of this year; class parents sponsored a fantastic prom and gave us several Senior lunches throughout this year as well. This level of support has not gone unappreciated, and we would like to thank you for our efforts in this most challenging year. This graduation ceremony marks the end of our time at Broadwater as it coincides with the return to normalcy for all of us. For our class, this truly marks a new beginning. Thank you to my family, friends, and teachers, and congratulations everyone.

CLASS OF 2021

Valedictory Address

Good morning everyone and thank you all for joining us to celebrate the Class of 2021!

I remember when I came to Broadwater for the first time in sixth grade, I was nervous and hesitant to enter the new environment with new people. Looking back, I realize I shouldn't have worried because my classmates were friendly and welcoming. They never gave me a reason to feel excluded. I am glad I became a part of the Broadwater family and am very thankful for this community and its people.

To the teachers and faculty, thank you for guiding us, putting up with us, and always supporting us. To Mr. Leroy and Ms. Annie, a big thank you for all of your hard work;

it has not gone unnoticed. To the coaches, thank you for supporting us and helping us work on our improvements. Most importantly, to our parents and families, we thank you for encouraging us, giving advice to us, always taking care of us, and supporting us in any way you can.

To my classmates, thanks for making high school an enjoyable experience. From being separated into girls and boys classes in middle school to lunchroom wars in high school, the Chincoteague trip to the New York trip, Katie breaking her ankle while doing the jerk to inertia cake and hex lord, we've shared some of the best moments. I believe we made the most out of our years here at Broadwater.

In addition, during our years here, we've learned a lot. Mrs. Hall taught us about the hospital's rule, whatever that is. Mr. Hall taught us physics and the omega symbol. Mr. Carlson taught us about lithification by demonstrating it with dance. In Mrs. Whit's class, we learned about Tituba in the Crucible and listened to different versions of rap songs during mindfulness activities.

All of these things and much more are lessons we enjoyed and will hopefully remember, but one I hope each of you will remember is to be yourself and be strong, no matter what the circumstance.

Mahika Patel
Valedictorian

CLASS OF 2021

Valedictory Address (Continued)

Growing up, our class was always thought of as immature. Look at us now, we're all graduating high school. All of us have overcome obstacles, as a class and individually. I believe each one of us can overcome any obstacle that we meet in the future. As Dr. Steve Maraboli said, "Life doesn't get easier or more forgiving; we get stronger and more resilient."

Finally, as Ms. Lewis would've liked us to say, we are finished. Congratulations to the Class of 2021! Thank you!

What Your Viking Fund Support Made Possible

The Viking Fund provides the support that is necessary for our programs, faculty and staff professional development, and the ability to offer the depth and experience that defines a Broadwater education. While the Viking Fund always allows for the School to respond to unanticipated situations, this year the scale and scope of those expenses were different. The School was able to adapt and enhance both our in person and virtual learning programs and environments.

The unrestricted funds allowed us to purchase additional technology resources including iPads and Chromebooks. Personal Protective Equipment and other sanitizing supplies and staff were purchased to protect our faculty and staff and keep our campus clean and safe for our students. Due to the continued support of our generous donors in the 2020-2021 fiscal year, Broadwater is equipped to respond to the impacts of the earlier portion of the pandemic, and to quickly and effectively provide the materials to bring the Broadwater experience home when needed, so the School can continue to focus on supporting students, families and faculty.

Thank you for your generous and ongoing support.

Annual gifts achieve goals through the power of collective giving. Beyond tuition, the Broadwater experience is fueled by parents, alumni, grandparents, faculty, staff and friends of the community. Your generosity and dedication helps us sustain our commitment to provide expert faculty, robust programming in academics, athletics, the arts and the level of education that our students receive each day. Together these gifts provide vital operating funds and allow us to reach goals we couldn't meet without the philanthropic support of our community. Thank you for your generous support!

HONORING THOSE WE LOST..

Dr. Joseph Spagnolo

The Broadwater Family was saddened to learn of the passing of former skilled faculty member and Head of School, Dr. Joseph Spagnolo. His contributions to our school community are lasting, particularly in the strength of our science curriculum, and his tireless dedication positively enriched the lives of our students.

Ms. Randy Stuart

Ms. Stuart worked at Broadwater Academy for over 20 years where she taught many classes including Middle School history and Drama. She stayed for late rehearsals of over 40 productions, graded President reports of over 20 classes, and was always a cheerleader for each student and their individuality.

While her presence on the shore will greatly be missed among many outside organizations, we will always hold her memory dear to our hearts here at Broadwater Academy.

The "Gala" & Auction

A Virtual Experience

Broadwater Academy's Virtual "Gala" & Auction was a huge success thanks to all of you!

We are truly an amazing community. In these unprecedented times, we are awed and inspired by our Broadwater family who came together with an unyielding support for the students and mission of Broadwater Academy. Together we raised over \$50,000 through the event! This includes sponsorships, raffle ticket sales, and winning bids on donated auction items.

Thank you for your generous support, we couldn't do this without you!
